

# SAFETY DATA SHEET

# SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1, Product Identifier

Trade name or designation of mixture: Felite™ FC110 series

**EC Number:** Not applicable.

**Registration Number:** This mixture is exempted from Registration according to the provisions of Title II and VI and

Article 2(9) of REACH.

**Issue date** August 11th, 2019

1.2, Relevant identified uses of the substance or mixture and uses advised against

**Identified uses:** Ion Exchange, Adsorbent, and/or Catalyst

Uses advised against: None Known.

1.3, Details of the supplier of the safety data sheet

**Supplier & Manufacturer:** Felite Resin Technology Co.,ltd

Economic Development Zone, Sheyang County, Yancheng

City, Jiangsu, China 224300

Responsible Person Jacky Yang

**Email** sales@felitecn.com

For information, call +86- 515-82392188

For emergencies, call +86- 515-82392188

# **SECTION 2: Hazards identification**

#### 2.1, Classification of the substance or mixture

The mixture has been assessed and/or tested for its physical, health and environmental hazards and the following classification applies.

## Classification according to Regulation (EC) No 1272/2008 as amended

This mixture does not meet the criteria for classification according to Regulation (EC) 1272/2008 as amended.

**Hazard summary** Health injuries are not known or expected under normal use.

2.2. Label elements

Label according to Regulation (EC) No. 1272/2008 as amended

Hazard pictograms None.

Signal word None.

**Hazard statements** The mixture does not meet the criteria for classification.

**Precautionary statements** 

**Prevention** Observe good industrial hygiene practices.

**Response** Wash hands after handling.

**Storage** Store away from incompatible materials.

Dispose of waste and residues in accordance with local authority requirements. Disposal

**Supplemental label information** None.

2.3. Other hazards This mixture does not contain substances assessed to be vPvB / PBT according to Regulation

(EC) No 1907/2006, Annex XIII.

# **SECTION 3: Composition/information on ingredients**

# 3.2, Mixtures

#### **General information**

Chemical name	%	CAS-No. / EC No.	REACH Registration No.	Index No.	Notes
Sodium polystyrene sulphonate	40 - 65	69011-22-9	-	-	
Classification:					
Water	35 - 60	7732-18-5	-	-	
		231-791-2			
Classification:					
Composition comments	All concentrations are in percent by weight unless ingredient is a gas. Gas concentrations are in percent by volume. The full text for all H-statements is displayed in section 16.				

# **SECTION 4: First aid measures**

General information Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.

4.1. Description of first aid measures

Inhalation Move to fresh air. Call a physician if symptoms develop or persist.

Skin contact Wash off with soap and water. Get medical attention if irritation develops and persists.

Rinse with water. Get medical attention if irritation develops and persists. Eye contact

Rinse mouth. Get medical attention if symptoms occur. Ingestion

4.2. Most important symptoms and effects,

Exposure may cause temporary irritation, redness, or discomfort.

both acute and delayed

4.3. Indication of any immediate medical attention and special treatment needed

Treat symptomatically.

# **SECTION 5: Firefighting measures**

General fire hazards The product is not flammable. Thermal decomposition or combustion may liberate carbon

oxides and other toxic gases or vapours.

5.1. Extinguishing media

Suitable extinguishing media Water fog. Foam. Dry chemical powder. Carbon dioxide (CO2).

Unsuitable extinguishing media None known.

5.2. Special hazards arising from the

During fire, gases hazardous to health may be formed.

substance or mixture

5.3. Advice for firefighters

**Special protective equipment for**Self-contained breathing apparatus and full protective clothing must be worn in case of fire.

firefighters

**Special fire fighting procedures**Use water spray to cool unopened containers.

**Specific methods**Use standard firefighting procedures and consider the hazards of other involved materials.

# **SECTION 6: Accidental release measures**

#### 6.1. Personal precautions, protective equipment and emergency procedures

For non-emergency personnel Keep unnecessary personnel away. Keep people away from and upwind of spill/leak. Do not

touch damaged containers or spilled material unless wearing appropriate protective clothing. Ensure adequate ventilation. Local authorities should be advised if significant

spillages cannot be contained.

For emergency responders Keep unnecessary personnel away. Use personal protection recommended in Section 8 of

the SDS.

**6.2. Environmental precautions** Avoid discharge into drains, water courses or onto the ground.

**6.3.** Methods and material for containment

and cleaning up

Large Spills: Dike the spilled material, where this is possible. Sweep up or vacuum up spillage and collect in suitable container for disposal. Following product recovery, flush area with

water.

Small Spills: Clean surface thoroughly to remove residual contamination.

Never return spills to original containers for re-use. For waste disposal, see section 13 of the

SDS.

**6.4. Reference to other sections** For personal protection, see section 8 of the SDS. For waste disposal, see section 13 of the

SDS.

# **SECTION 7: Handling and storage**

**7.1. Precautions for safe handling**Observe good industrial hygiene practices.

7.2. Conditions for safe storage, including

any incompatibilities

Store in original tightly closed container. Store away from incompatible materials (see

section 10 of the SDS).

**7.3. Specific end use(s)** Ion Exchange, Absorbent and/or Catalyst

# **SECTION 8: Exposure controls/personal protection**

# 8.1. Control parameters

Occupational exposure limits No exposure limits noted for ingredient(s).

**Biological limit values** No biological exposure limits noted for the ingredient(s).

**Recommended monitoring procedures** Follow standard monitoring procedures.

**Derived no effect levels (DNELs)**Not available.

Predicted no effect concentrations (PNECs) Not available.

8.2. Exposure controls

Appropriate engineering controls

Good general ventilation should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level.

## Individual protection measures, such as personal protective equipment

**General information**Use personal protective equipment as required. Personal protection equipment should be

chosen according to the CEN standards and in discussion with the supplier of the personal

protective equipment.

**Eye/face protection** If contact is likely, safety glasses with side shields are recommended.

**Skin protection** 

- Hand protection
 Protective gloves should be worn to prevent skin contact.

SPECIFIC RECOMMENDATIONS.

Breakthrough time: > 10 min (EN 374-3 Class 1).

Suitable gloves can be recommended by the glove supplier.

- Other Wear suitable protective clothing.

**Respiratory protection** In case of insufficient ventilation, wear suitable respiratory equipment.

**Thermal hazards** Wear appropriate thermal protective clothing, when necessary.

**Hygiene measures** Always observe good personal hygiene measures, such as washing after handling the

material and before eating, drinking, and/or smoking. Routinely wash work clothing and

protective equipment to remove contaminants

**Environmental exposure controls** Emissions from ventilation or work process equipment should be checked to ensure they

comply with the requirements of environmental protection legislation. Fume scrubbers, filters or engineering modifications to the process equipment may be necessary to reduce

emissions to acceptable levels.

# **SECTION 9: Physical and chemical properties**

#### 9.1. Information on basic physical and chemical properties

#### **Appearance**

Physical state Solid.

Form Beads.

**Color** Gold. Amber. Light brown. Dark brown. Black. Green.

Odourless.

Odour threshold Not available.

**pH** Neutral.

Melting point/freezing point Not available.

**Initial boiling point and boiling range**Not available.

Flash point Not available.

**Evaporation rate** Not available.

Flammability (solid, gas) Not available.

Upper/lower flammability or explosive limits

Flammability limit - lower (%) Not available.

Flammability limit - upper (%) Not available.

Vapour pressure Not applicable.

Vapour density Not available.

Relative density 1.28 - 1.32

Solubility(ies) Insoluble.

Partition coefficient (n-octanol/water) Not available.

Auto-ignition temperature Not applicable.

**Decomposition temperature** Not available.

Viscosity Not available.

**Explosive properties** Not explosive.

Oxidising properties Not oxidising.

**9.2. Other information**No relevant additional information available.

**Density** 1.28 - 1.32

# **SECTION 10: Stability and reactivity**

**10.1. Reactivity**The product is stable and non-reactive under normal conditions of use, storage and

transport.

**10.2. Chemical stability** Material is stable under normal conditions.

**10.3. Possibility of hazardous reactions** No dangerous reaction known under conditions of normal use.

**10.4. Conditions to avoid**Contact with incompatible materials. Heat, sparks, flames, elevated temperatures.

**10.5. Incompatible materials** Strong oxidising agents. Nitric acid.

**10.6.** Hazardous decomposition products

Thermal decomposition or combustion may liberate carbon oxides and other toxic gases or

vapours.

# **SECTION 11: Toxicological information**

**General information** Occupational exposure to the substance or mixture may cause adverse effects.

Information on likely routes of exposure

**Inhalation** No adverse effects due to inhalation are expected.

**Skin contact** No adverse effects due to skin contact are expected.

**Eye contact** Direct contact with eyes may cause temporary irritation.

**Ingestion** May cause discomfort if swallowed. However, ingestion is not likely to be a primary route of

occupational exposure.

**Symptoms** Exposure may cause temporary irritation, redness, or discomfort.

11.1. Information on toxicological effects

**Acute toxicity** Not expected to be acutely toxic.

**Skin corrosion/irritation**Due to partial or complete lack of data the classification is not possible.

**Serious eye damage/eye irritation**Due to partial or complete lack of data the classification is not possible.

Due to partial or complete lack of data the classification is not possible. Respiratory sensitisation Skin sensitisation Due to partial or complete lack of data the classification is not possible. Germ cell mutagenicity Due to partial or complete lack of data the classification is not possible. Carcinogenicity Due to partial or complete lack of data the classification is not possible. Reproductive toxicity Due to partial or complete lack of data the classification is not possible. Specific target organ toxicity - single Due to partial or complete lack of data the classification is not possible. exposure Specific target organ toxicity - repeated Due to partial or complete lack of data the classification is not possible. exposure Due to the physical form of the product it is not an aspiration hazard. Aspiration hazard Mixture versus substance information No information available.

# **SECTION 12: Ecological information**

Other information

12.1. Toxicity	Based on available data, the classification criteria are not met for hazardous to the aquatic environment.
12.2. Persistence and degradability	No data is available on the degradability of any ingredients in the mixture.
12.3. Bioaccumulative potential	No data available.
Partition coefficient n-octanol/water (log	Not available.
Kow)	
Bioconcentration factor (BCF)	Not available.
12.4. Mobility in soil	The product is insoluble in water.
12.5. Results of PBT and vPvB assessment	This mixture does not contain substances assessed to be vPvB / PBT according to Regulation

No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation

potential, endocrine disruption, global warming potential) are expected from this

(EC) No 1907/2006, Annex XIII.

component.

No other specific acute or chronic health impact noted.

# **SECTION 13: Disposal considerations**

13.1. Waste treatment methods

**Special precautions** 

12.6. Other adverse effects

Residual waste	Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).
Contaminated packaging	Since emptied containers may retain product residue, follow label warnings even after container is emptied. Empty containers should be taken to an approved waste handling site for recycling or disposal.
EU waste code	The Waste code should be assigned in discussion between the user, the producer and the waste disposal company.
Disposal methods/information	Collect and reclaim or dispose in sealed containers at licensed waste disposal site.

Dispose in accordance with all applicable regulations.

# **SECTION 14: Transport information**

**ADR** 

14.1. - 14.6.: Not regulated as dangerous goods.

RID

14.1. - 14.6.: Not regulated as dangerous goods.

**ADN** 

14.1. - 14.6.: Not regulated as dangerous goods.

IATA

14.1. - 14.6.: Not regulated as dangerous goods.

**IMDG** 

14.1. - 14.6.: Not regulated as dangerous goods.

14.7. Transport in bulk Not applicable. Not applicable. according to Annex II of MARPOL 73/78 and the IBC Code

# **SECTION 15: Regulatory information**

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

**EU** regulations

Regulation (EC) No. 1005/2009 on substances that deplete the ozone layer, Annex I and II, as amended Not listed.

Regulation (EC) No. 850/2004 On persistent organic pollutants, Annex I as amended Not listed.

Regulation (EU) No. 649/2012 concerning the export and import of dangerous chemicals, Annex I, Part 1 as amended Not listed.

Regulation (EU) No. 649/2012 concerning the export and import of dangerous chemicals, Annex I, Part 2 as amended Not listed.

Regulation (EU) No. 649/2012 concerning the export and import of dangerous chemicals, Annex I, Part 3 as amended Not listed.

Regulation (EU) No. 649/2012 concerning the export and import of dangerous chemicals, Annex V as amended Not listed.

Regulation (EC) No. 166/2006 Annex II Pollutant Release and Transfer Registry, as amended Not listed.

Regulation (EC) No. 1907/2006, REACH Article 59(10) Candidate List as currently published by ECHA Not listed.

**Authorisations** 

Regulation (EC) No. 1907/2006, REACH Annex XIV Substances subject to authorisation, as amended

Not listed.

#### Restrictions on use

Regulation (EC) No. 1907/2006, REACH Annex XVII Substances subject to restriction on marketing and use as amended

Not listed.

Directive 2004/37/EC: on the protection of workers from the risks related to exposure to carcinogens and mutagens at work, as amended.

Not listed.

## Other EU regulations

Directive 2012/18/EU on major accident hazards involving dangerous substances, as amended

Not listed.

Other regulations The product is classified and labelled in accordance with Regulation (EC) 1272/2008 (CLP

Regulation) as amended. This Safety Data Sheet complies with the requirements of

Regulation (EC) No 1907/2006, as amended.

**National regulations** Follow national regulation for work with chemical agents in accordance with Directive

98/24/EC, as amended.

15.2. Chemical safety assessment No Chemical Safety Assessment has been carried out.

#### **SECTION 16: Other information**

List of abbreviations ADR: European Agreement Concerning the International Carriage of Dangerous Goods by

RID: Regulations concerning the International Carriage of Dangerous Goods by Rail.

ADN: European Agreement Concerning the International Carriage of Dangerous Goods by

Inland Waterways.

IATA: International Air Transport Association.

IMDG Code: International Maritime Dangerous Goods Code.

MARPOL: International Convention for the Prevention of Pollution from Ships.

DNEL: Derived No-Effect Level.

PNEC: Predicted No-Effect Concentration. PBT: Persistent, bioaccumulative and toxic. vPvB: Very Persistent and very Bioaccumulative.

References Not available.

Information on evaluation method leading The classification for health and environmental hazards is derived by a combination of

calculation methods and test data, if available. to the classification of mixture

None.

Full text of any H-statements not written

out in full under

Sections 2 to 15

**Training information** 

Follow training instructions when handling this material.

**Further information** This mixture is exempted from Registration according to the provisions of Title II and VI and

Article 2(9) of REACH.

#### Disclaimer

The information provided in this safety data sheet is based on current knowledge about the product and current legal requirements and standards. It relates specifically to health, safety and environmental requirements and standards, may not identify all hazards associated with the product or its uses or misuses, does not signify any warranty with regard to the properties of the product, and only applies when the product is used for the purposes indicated in section 1. This product is not sold as suitable for other purposes and such other usage may cause risks not mentioned in this safety data sheet.
